ESTELA L. CARIÑO, EdD, CESO III
Director IV
Regional Director
DepEd CAR

Dear Dr. Cariño:

Good day!

This is to request for an advisory regarding the conduct of **2022 Creotec National MakeX Robotics Competition on October 28, 2022**. We shall be selecting the country's representatives to the **World MakeX Competition**.

This is part of our continuous effort to emphasize the importance of technology in education through robotics competitions. This is open not only to students but also to their coaches.

The competition has three categories and the details of each one is in the attachment.

The winners of the Spark Category will get **cash prizes** while the winners of the Starter and Challenge Categories will enjoy an all-expense paid trip to represent the country in the **World MakeX Robotics Competition** in China scheduled on the second quarter of 2023, when restrictions have already been lifted.

The registration has started on **August 22, 2022** and an orientation of coaches on the rules, mechanics and awards will be held on **September 9, 10 and 16, 2022**. The schools can register early so teams and coach(es) can join and be the first to prepare for the event. The registration link is - <https://forms.gle/X9wecQBpLHHv6Kr6>.

There is **no registration fee** for all categories.

Please note that this is a non-profit activity intended only to promote awareness about the importance of technology through robotics for the 21st century learners both from the private and public schools.

For more information, you can contact at 0917-771-3961 or email him at cristophertingcang@gmail.com / crist@creotec.com.ph.

We are looking forward to the participation of the teams in your region to this event.

God bless and thank you!

Sincerely,
