113TH PDA ANNUAL CONVENTION & SCIENTIFIC SESSIONS #113thPDA #PDAwithinreach

My Dear Colleagues,

Warmest greetings of good health and wellness!

Our fluid situation has deterred us from having our usual encounters. This, however, drives me and the members of the organizing committee of the 113th PDA Annual Convention and Scientific Sessions to exhaust all possibilities to deliver a Convention worthy of your time and effort. To cultivate our minds and steady our hearts, the Convention will offer evidence-based lectures, clinical and non-clinical demonstrations and research presentations which will fulfill the annual 15-point continuing professional development units of the Professional Regulation Commission. This will be complemented with an adequate supply of dental materials and equipment by our reliable and trusted partners in the dental industry. It is our hope to render the scientific sessions and the trade exhibition as close to our typical experience as possible. We will remain guided and prepared for all safety and precautionary advisories.

The PDA will be 113 years strong in 2022 but we will continue to face back-to-back issues with this pandemic of loneliness. It necessitates me to emphasize the importance of PDA's leadership and policy-making abilities. The conduct of the PDA election and the carrying out of the sessions of the House of Delegates are fundamental processes to safeguard our profession. The Convention will serve as a platform for us to be formidable participants in the improvement of healthcare in the Philippines.

Because we will significantly contribute to the improvement of life in the Philippines, we will have to stay still but we will not stagnate. As we traverse towards the light beyond the tunnel, know that PDA is **within reach**.

Mabuhay ang dentistang Pilipino!
Mabuhay ang PDA!

Yours Sincerely,

DR. CHERYL Y. DEL ROSARIO
President-Elect and General Chair
113th Annual Convention and
Scientific Sessions
