Dear Maam/Sir,

Greetings!

We, the third-year undergraduate students taking Bachelor in Values Education from the Philippine Normal University-Manila, are currently conducting research entitled **“Assessment Strategies used by Values Education Teachers during Online Distance Learning”**.

The objectives of this research are the following;

1. To identify the different assessment strategies used by Values Education teachers during online distance learning.
2. To examine the assessment strategies used by teachers in assessing the non-cognitive skills of students in Values Education in online learning.
3. To determine if the assessment strategies used by Values Education teachers are effective.

This study requires Values Education teachers teaching during Online Distance Learning. Graduates of Values Education, or any allied discipline, with certification in relevant training or seminar in the field of Values Education. In order to fulfill our objectives, we would like to ask for your help in disseminating our survey questionnaire to all Values Education teachers within Cadiz City. Rest assured that all information we collect will be kept confidential and will be used only for educational purposes

## Statement of the Problem

The study is directed towards its purpose to identify the assessment strategies used by values education teachers during the online distance learning. This also includes to examine the strategies used in cognitive and non-cognitive assessment particularly among K-10 values education teachers and its effectiveness in student's learning. Specifically, the researchers sought to answers to the following questions:

1. How may the profile of Values Education teachers be described in terms of:
  1. 1 age;
  1. 2 location;
  1. 3 grade level?
2. What is the most used strategies during the online distance learning?
  2. 1 for cognitive;
  - 2.2 for non-cognitive?
3. What is the technology literacy level of the respondents?
4. Is there a significant difference in the effectiveness level among assessment strategies for cognitive?
5. Is there a significant difference in the effectiveness level among assessment strategies for non-cognitive?

# CALL FOR RESPONDENTS

## Assessment Strategies Used by Values Education Teachers in Online Distance Learning

### QUALIFICATIONS:

**Values Education Teachers**  
*specialist & non-specialist* with:

- diploma or certification in teaching Values education;
- training in the field of Values Education and/or allied disciplines; and
- experienced teaching in Online Distance Learning.

You may answer the survey through  
<https://forms.gle/sa3mh4N2Xse4A2LY6>  
or by scanning the **QR Code**

*If you are interested in taking part in this research or would like more information, please contact the researchers. We are looking forward to hearing from you!*
