LESSON PLANNER PH's NEW TOOLS

The Lesson Planner PH announces its new tools designed to streamline teacher's workload and enhance student learning. The details of the platform are indicated in the attached letter of request.

In this regard, this Office requests all the Schools Division Offices (SDOs) to disseminate the said information.

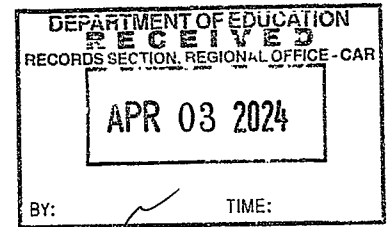

For inquiries, please coordinate with Roland Joseph Bautista, co-founder of the Lesson Planner PH at +63-9338-6906-58

Subject: Request for Permission to Disseminate Information about Lesson Planner PH's new tools for Region CAR Teachers (Elementary to Senior High School)

Dear Dr. Carino,

44,931 Public Schools in 17 DepEd Regions, 836,193 Public School Teachers, and 21 million Students in Public Schools. These numbers represent a vast network of dedicated educators and learners across the Philippines. We, at www.lessonplanner.ph, a Philippine-based EdTech startup, want to start helping Public School teachers in Region CAR with our latest tool designed to reduce the time it takes to create lesson plans and other teaching materials.

www.lessonplanner.ph empowers teachers with a suite of features specifically designed to streamline their workload and enhance student learning. Here's what Region CAR Public School Teachers (Elementary to Senior High School) can benefit from:

1. **FREE 10 Monthly credits:** Credits can be used to prepare lesson plans, lesson objectives, short quiz, activity, catch-up Fridays, and many more. This will significantly help teachers so that they can focus on what matters most; teaching their students.
2. **Lesson Plans with Links and References:** Save valuable time by getting links to articles and learning materials directly within your lesson plans, providing students with richer learning opportunities.
3. **Short Quizzes, Activities, and Summative Tests:** Create engaging assessments for any topic for short quizzes, interactive activities, and comprehensive summative tests all within the platform.
4. **Catch-Up Fridays:** Breathe new life into Fridays with the "Catch-Up Fridays" feature. Plan enriching afternoon activities to solidify student understanding and maximize learning time.

We believe www.lessonplanner.ph can be a valuable tool for Region CAR's dedicated educators. We kindly request your permission to disseminate information about our platform to public school teachers (Elementary to Senior High School) within your region. We are confident that www.lessonplanner.ph can significantly improve teacher efficiency and empower them to create engaging learning experiences for their students.

Thank you for considering our request. Should you have any further inquiries or require additional information, please contact me at **+63-9338-6906-58** or via email at roland@lessonplanner.ph

Yours sincerely,

Roland Joseph Bautista
Co-Founder, Lesson Planner PH

Teachers make up to 10
lesson plans a week.
Each lesson plan takes
up to 3 hours to prepare.

LESSON
PLANNER PH

The Problem

We reached out to teachers and we have learned that their common pain point is the need to constantly prepare lesson plans.

They have to do this for different subjects and grade levels every week, for the rest of the school year.

Ultimately, the high effort required in preparing lesson plans is limiting our teachers' ability to do more impactful work.
