IEXPERIENCE EDUCATIONAL PROGRAM

The IEXPERIENCE Educational Program wishes to bring premium educational activities to the school campuses this SY 2023-2024.

In this regard, this Office requests all the Schools Division Offices (SDOs) to disseminate the said information to all schools who are interested of the program. Participation on the said activity however is **personal and voluntary** and shall be subject to the no-disruption-of-classes policy stipulated in DepEd Order No. 9, s. 2005 titled "Instituting Measures to Increase Engaged Time-On-Task and Ensuring Compliance Therewith".

Attached is the Request for a DepEd Regional Advisory for the event.

For queries, please coordinate with:

The Longest and Most Trusted Science Program in the Country

_____ 2023

ESTELA P. LEON-CARIÑO Ed. D, CESCO III
REGIONAL DIRECTOR
DEP-ED CORDILLERA

Dear Dn. Estela,

May we respectfully request again for DepEd advisory this coming SY2023-2024 for **IXPERIENCE Educational Program of VPIX Events Management Services**, the Number 1 mobile science educational exhibit in the Philippines. Attached herewith is the previous DepEd National Advisory No. 098.

In line with the DepEd Orders regarding fieldtrips and activities outside of the school premises, IEXPERIENCE commits to **bringing premium educational activities inside the comfort and safety of the school campus.**

To complement the DepEd K-12 Program, we provide two program sets for this school year. The following are the activities for the two programs:

Program 1 SkyExperience adopts the mission and vision of the International Astronomical Union and UNESCO in the promotion of Astronomy Awareness among the youth. It commits to empower and help learning institutions and its students to uncover our Universe that is vast and ever moving. Complementing it is our Environmental Awareness Program which highlights the relation each person has with one's environment, particularly with our planet Earth.

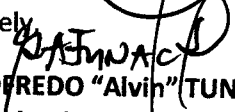

Activity 1 SkyExperience – The Mobile Digital Planetarium
Activity 2 S.O.M.E.1 – Environmental Awareness Lecture

Program 2 iConnect brings educational virtual reality movies to nationwide campuses. Using 3D glasses to watch High Definition 3 dimensional movies in Digital Surround sounds, the students will have total experience of our curated movies appropriate for their age brackets. They will also have a chance to view our gallery of Stereogram Photos and touch and explore gadgets displaying the different concepts of science. With the engagement of their mental, emotional, and physical senses, the students will enhance their knowledge absorption and retention of the varied subject matters of science.

Activity 1 iConnect – Manipulative Science Exhibit
Activity 2 Full HD 3D Science Based film viewing with the use of 3D eyeglasses

Aware of the "Time On Task" Policy and the strict compliance with the "180 days teaching and learning guidelines", we coordinate the schedule of activities with the Science Department of the school to utilize only the science period of the participants and to make sure that there is no disruption of other classes.

Hoping for your favorable response, we thank you.

Sincerely,

GODOFREDO "Alvin" TUNAC
Marketing Director
