

Advisory No. 117.2023

August 18, 2023

In compliance with DepEd Order No. 8, s. 2013
this advisory is issued not for endorsement per DO 28, s. 2001
but only for the information of DepEd officials,
personnel/staff, as well as the concerned public.
(Visit www.deped.gov.ph)

4th PHILIPPINE NATIONAL VEDIC MATHEMATICS OLYMPIAD

The MATH-Inic Philippines will conduct the 4th Philippine National Vedic Mathematics Olympiad on October 7, 2023 and are inviting students and teachers to participate in the said event.

In this regard, this Office requests all the Schools Division Offices (SDOs) to disseminate the said information to all schools who are interested of the activity. Participation on the said activity however is **personal and voluntary** and shall be subject to the no-disruption-of-classes policy stipulated in DepEd Order No. 9, s. 2005 titled "Instituting Measures to Increase Engaged Time-On-Task and Ensuring Compliance Therewith".

Attached is the Request for a DepEd Regional Advisory for the event.

For queries, please coordinate with:

Math made fun, fast, and easy!

August 16, 2023

Mr. Ronald B. Castillo
Asst. Regional Director
Cordillera Administrative Region (CAR)

Dear Mr. Castillo,

Please join us as in our final thrust to dominate the international Vedic Mathematics scene for the third year in a row!

We invite your students and teachers to participate in the online **4th Philippine National Vedic Mathematics Olympiad(4th PNVMO)** on October 7, 2023.

This will be our final preparation for the biggest and most prestigious Vedic Math competition in the world, the **International Vedic Mathematics Olympiad** which is annually hosted by the **Institute for the Advancement of Vedic Mathematics (IAVM)**, a British-registered charity dedicated to the furtherance of Vedic Mathematics worldwide.

Participants in the past two editions of the IVMO did the Philippines proud. In IVMO 2021, our Mathletes competed against eight other countries, landing on the top in four out of five categories, and garnering 35 gold, 70 silver, and 107 bronze awards—over 75% of the total awards given.

In last year's IVMO 2022, our learners displayed their math mastery over 10 other countries, winning 152 gold, 329 silver and 530 bronze awards, which is almost 90% of all the awards given. Filipinos also scored highest in five of the six categories and took 18 of the 20 top three places.

Participation in these global events not only gives a chance for our learners especially from the provincial areas to compete and win against students from other countries but more importantly, they can practice using the one-line mental calculations which effectively supplements the methods taught in our schools.

We have attached the mechanics of the event for your guidance, and a separate invitation for Area Facilitators, who will help administer the contest.

The 4th PNVMO will be on a Saturday, to avoid disrupting classes and participation is purely voluntary.

May we kindly ask that your office issue an advisory so that your teachers and learners may be informed of the event?

They may visit the MATH-Inic Philippines Facebook page, <https://www.facebook.com/MATHInicPhils> or they can e-mail us at competitions@math-inic.com for more information.

We are looking forward to your favorable response. Thank you very much!

Truly yours,

Virgilio Y. Prudente

Math made fun, fast, and easy!

Math made fun, fast, and easy!

August 16, 2023

Dear fellow Vedic Math lover,

Help your students to compete and win in national and International Math competitions!

Be one of our **Area Facilitators (AFs)** for the last of three training events leading up to the biggest and most prestigious VM competition in the world, the **International Vedic Mathematics Olympiad of 2023 (IVMO 2023)**.

Lead them in joining the **4th Philippine National Vedic Mathematics Olympiad (4th PNVMO)** on October 7, 2023.

As an **AF**, you will be the key contact person for the students and teachers in your area, and crucial in accrediting VM coaches. You will also enjoy the following benefits:

- a) Free enrollment to a special review course for VM competitions. (Regular course fee: P2,500). This consists of 10 video recordings about almost all topics covered in all six categories of VM competitions.
- b) 30% discount on books, other review webinars and courses offered by MATH-Inic Publishing and MATH-Inic Online until the end of November 2023.
- c) 40% commission from the P300 entry fee of each participant.

An Area Facilitator may be appointed for a school, school district, schools' division, town, or province. As an AF, your key functions are to:

- a) Invite students and teachers to participate in the **4th PNVMO** with the goal of competing in **IVMO 2023**.
- b) Help train the participants by sharing review materials and links to VM sites provided by MATH-Inic Philippines.
- c) Recommend VM coaches for accreditation by MATH-Inic Philippines. Only those who have completed the Vedic Mathematics Teacher Training Course (VMTTC) or those who have passed the Foundation Level Distinction (Level III) will be recognized as coach for both national and international

The Area Facilitators are an integral part of our move to continue dominating the international Vedic Math Olympiads. In **IVMO 2021**, with nearly 500 participants competing from nine countries, the Philippines got 75% of all the awards given. The Filipinos, aside from topping four of the five categories, won total of 35 gold, 70 silver and 107 bronze awards.

In **IVMO 2022**, the Philippines showed that its victory in the previous Olympiad was no fluke when our Mathletes registered an even better performance – with 1866 participants from 11 countries, the Filipinos topped five out of six categories and won a total of 152 gold, 329 silver and 530 bronze awards, which is 90% of the total awards given.

So, register to be one of the Area Facilitators now!

You only need to register via this form: <https://bit.ly/4thPNVMOAF> if you have been an AF the 3rd MVMNC. If not, you also have to pay the P1,000 AF fee.

We look forward to making a difference in the world of Vedic Math and in the lives of our students with you. Please email us at competitions@math-inic.com if you have any questions.

We are looking forward to your favorable response. Thank you very much!

Truly yours,

Virgilio Y. Prudente
