DEVELOPMENT OF THE AGRICULTURAL SECTOR: THE ISRAELI MODEL

The Embassy of Israel in Manila opens its international training aimed to convey and share with participants the vision, strategies, and holistic management that Israel has implemented in the development process of its own agricultural sector. Furthermore, it aims to create a framework for the exchange of knowledge and experience between the participants, and to enable participants to identify new possibilities that may enhance their own action plans for developing their agricultural sector.

The training requires that participants have full command of English and is geared towards senior policy makers, officials and professionals involved in agricultural development. It will take place at or near MASHAV's International Agricultural Training Center in Kibbutz, Shefayim, Israel on March 24, 2025 to April 4, 2025.

Interested participants may obtain application forms through the link: <https://mashav-mfa.formtitan.com/ftproject/mashavhome>. The deadline for application is February 27, 2025.
