Attention: JENIFER P. ANDE, PhD.
Chief Education Supervisor NEAP R-CAR

Madam:

Greetings of peace and joy!

We believe that education is a continuous learning. Zests for professional growth and career advancement are flames that should always be kept on fire. These keep us abreast on latest trends, issues and thrusts as well as in tune with the fast changing times.

We are honored to offer Pacific Intercontinental College, the only transnational education provider approved by CHED and SEC that offers online and offline Graduate Courses in the Philippines, to your teaching and non-teaching personnel of CAR and to start a sustainable partnership with you.

PIC has branches in USA, Japan, South Korea, Vietnam and other countries wherein courses gained are credited to the mentioned nations. Community immersions to these countries are also possible (voluntary in nature) through the subject Community Development in Education and related ones. Cross country graduation (arrangement and processes are done ahead of time just notify us thru application of this privilege) is also possible.

The roster of PIC professors include bankable leaders of DepEd that are serving the institution on part-time basis with permit to teach and all of whom are doctorate degree holders.

Courses are done tri-semester, hence, graduation is possible in span of 1 & half years for Masteral Degrees and 2 years for Doctorate Degrees. Tuition fees are also one of the lowest and can be paid thru installment basis.

In line with this, may we humbly request for a Regional Advisory in order for the field to know the good news about PIC.

Attached herewith are basic information about the school and whom to reach out for enrolment.

Hoping for a very fruitful post-graduate education journey with you and your favourable concern.

Very truly yours,

ESTRELLA R. PANGAN, PhD.
