Advisory No. 042.2022

May 10, 2022

In compliance with DepEd Order (DO) No. 8, s. 2013 this advisory is issued not for endorsement per DO 28, s. 2001, but only for the information of DepEd officials, personnel/staff, as well as the concerned public.

WASTE NO MORE

The 6th Philippine Solid & Hazardous Waste Management Conference in conjunction with the 3rd International Conference on Circular Economy-based Waste Management will be conducted this December 1-2, 2022 at the Philippine Trade Training Center, Pasay City. The annual Waste No More conference provides a platform for academe, government, industry, international organizations, NGO, environmental practitioners, and civil society to present their research, case studies, projects, policies, and initiatives on waste management and the scientific committee welcomes everyone to participate and be part of the solution.

Attached is the invitation letter for your reference.

Immediate and widest dissemination of this Advisory is directed.

WASTE NO MORE 2022

6th Philippine Solid & Hazardous Waste Management Conference with the 3rd International Conference on Circular Economy-based Waste Management
Philippine Trade Training Center-Global MSME Academy | December 1-2, 2022

April 28, 2022

Estela L. Carino
Regional Director
DEPED CAR
La Trinidad, Benguet

Subject: Call for Participation at Waste No More 2022

Dear Dr. Carino,

Isang malinis at luntiang Pilipinas!

On behalf of the Scientific Committee, I am pleased to invite you to ***Be part of the solution!*** at **Waste No More 2022**, the **6th Philippine Solid & Hazardous Waste Management Conference in conjunction with the 3rd International Conference on Circular Economy-based Waste Management**, this coming December 1-2, 2022 at the Philippine Trade Training Center, Pasay City.

Waste No More conferences aim to encourage international communication, collaboration, and networking to advance knowledge and promote values, attitudes, commitment, and skills needed to address emerging issues on waste management and protection of the environment. These conferences also aim to strengthen the link between collaborative projects and applied research to support and address industry needs, as well as, facilitate an open and constructive dialogue between multi-sector stakeholders towards resolving waste problems.

The annual **Waste No More** conference is the only conference in the Philippines, to date, that provides a platform for academe, government, industry, international organizations, NGOs, environmental practitioners, and civil society to present their research, case studies, projects, policies, and initiatives on waste management.

Our waste problem is not the government's problem alone nor can they single handedly resolve this problem. We are all polluters; therefore, we are all responsible. We **MUST** be responsible. ***Be part of the solution!*** Let us come together and actively participate in finding solutions, encourage others to share ideas and experiences, and realize that we are all trustees of the planet and fulfill our shared responsibility for the continuation of all life.

The Scientific Committee welcomes your abstracts for oral and poster presentations on the following topics, but not limited to:

- Waste minimization, generation & characterization
- Recycling & reuse
- Resource and energy recovery
- Collection, transfer, transport, storage & treatment
- Infrastructure, landfill & methane gas capture
- Climate change and air pollution
- Impacts ecosystems & human wellbeing
- Soil & water contamination
- Circular Economy & Life Cycle Analysis
- Education, training & knowledge creation
- Best practices and technology, Innovation
- Economic analysis
- Environmental assessments
- Finance & financial sustainability
- Policy, regulations
- Other legal structures & institutions
- Public engagement & social inclusion
- Communication & behavioral change

Please submit your abstract or abstracts online only on or before August 15, 2022.

Be part of the solution!

Share your Story so that others may benchmark from your initiatives

You may also share your stories through a photo exhibit of initiatives that are informal, fun, practical, creative, cultivate environmentally friendly habits, and promote a sense of community. By sharing your story through photographs, you inspire others to do the same. Entries may be submitted on or before September 30, 2022.

Be a Waste No More Volunteer Expert

Many of our participants, especially from the LGUs have requested if we can invite Experts from whom they can ask questions and consult projects. Our Sponsors and Exhibitors will be happy to help but we need more Experts to answer varied questions. Simply let us know your expertise and we will match this with the inquiry.

You are most welcome, of course, to attend the conference if you prefer not to join in any of the platforms at this time. We hope that the above initiatives will inspire you and will be an active participant in our next conference.

For more details, kindly scan the following to visit the conference website and our FB page:

Please do not hesitate to contact me directly if you have any questions: wastenomore2022@gmail.com or text or call for free 0915-013-8757 (WhatsApp).

We look forward in welcoming you, hopefully in person, at Waste No More 2022 this coming December. Please do keep safe!

Respectfully yours,

Grace Garcia
Conference Director
