Dear Sir/Ma'am:

Greetings!

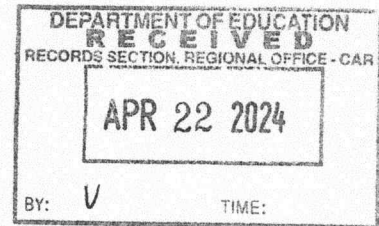

The **UP Pre-Medical Society - Baguio**, an academic and socio-civic organization, is a duly-recognized organization in the **University of the Philippines Baguio** geared towards the pursuit of excellence through providing academic and social growth within the region and beyond, as well as encouraging a widening awareness of the societal issues in the country.

In light of this, UP Pre-Medical Society - Baguio shall organize and hold the **third installment of MEDALLA, a national academic and public health conference consisting of different academic competitions and lecture series pooling the country's best minds.** This event caters to junior and senior high school students, having the goal to enhance their intellectual, social and cultural skills and to further promote public health awareness. This conference includes an interscholastic competition and series of lectures tackling different topics related to medicine and public health.

The term "MEDALLA" is an Ilocano word which means "medal", symbolizing an object that is often given or awarded as recognition. The UP-Pre-Medical Society - Baguio endeavors to acknowledge each participant's involvement in the event all the while, upholding honor and excellence amidst current health crises.

Academic competitions include **Public Health Opinion Writing, Science and Health Writing, Poster Making, Medical Trivia Quiz Bee, Impromptu Speech** and the **Science Investigatory Project.** We will also be conducting a lecture series, with topics to be later announced on our official Facebook page.

This year's **MEDALLA 3.0: National Academic and Public Health Conference** bears the theme: **"Mirrors in Medicine: Reflecting on Tomorrow and Shaping Future Healthcare Leaders"**, which will take place on **May 6-10, 2024 online.** Registration opened last April 6, 2024 and will last until May 3, 2024.
