REGIONAL MEMORANDUM
No. 267-2023

CONDUCT OF TREE PLANTING ACTIVITIES

To: Assistant Regional Director
Schools Division Superintendents
Public and Private Elementary and Secondary School Heads
All others concerned

1. The Philippines is highly vulnerable to the effects of climate change and global warming. With the global rise in temperature posing drastic changes in our climate, our country becomes more susceptible to its impacts ranging from extreme weather disturbances, flash floods, and droughts among others.
2. To maximize the participation of learners in the global fight against climate change, learners in all public and private elementary and secondary schools, particularly senior high schools are strongly encouraged to conduct tree-planting activities within the school year.
3. Program coordinators on Youth Development and Disaster Risk Reduction and Management are enjoined to coordinate this activity with their local Environment and Natural Resources Offices for the provision of seedlings/saplings and identification of planting sites.
4. Accomplishment reports with pictorials shall be submitted to ESSD, DepEd-CAR Regional Office, through email car.essd@deped.gov.ph following the attached template
5. Immediate dissemination of this Memorandum is desired.

ESTELA P. LEON-CARIÑO EdD, CESO III
Director IV/Regional Director
