Greetings of Peace!

This Office respectfully presents to you a memorandum outlining the series of workshops for the development of the Formative Assessment Resource Package for English, Science, and Mathematics (ESM) with an emphasis on 21st Century Skills.

Enclosed, you will find a comprehensive list of participants detailing their assigned tasks, as well as the criteria employed in the selection process for participant-writers. The Program Matrix enumerating various activities is also attached for your perusal. Our office values your discernment in selecting adept and committed writers for ESM and assessment from your region.

This Office wishes to emphasize our preference for retaining the same set of participant-writers across Development Phases 1 and 2, and then transitioning to a different group for the Refinement and Finalization Phases.

For regions with additional participants during the Refinement and Finalization Phases, we anticipate the inclusion of illustrators, layout, and graphic artists. Their expertise will be invaluable in designing the resource package and creating compelling illustrations and graphics that effectively convey the intended message of the writers.

Please remind the participants to complete the "REGISTRATION" through this link: <https://rb.gy/nh3gz>

Also, please be reminded that the First Workshop will be on September 12-15 at BP International, Makiling, Laguna.

Kindly acknowledge receipt of this email.

Thank you.
