3. As discussed during the Teleconference on August 7, 2020 , the Legal Services Information System 2.i will be upgraded to 3.0 thus, there is a need to input, encode, update, and manage all existing records in the system for the previous years up to date.
4. Furthermore, the updated reports in the 2.i system will be migrated in the upgraded version which is the LSIS 3.0 which will be officially used for the coming School Year, Hence, for the system to be fully operational by the next school year, all records in the 2.i should be updated to facilitate the recording of all data in the system before migrating it to the new system.
5. For information and compliance.
