SUBJECT : **Endorsement of the Final Vetted Rapid Assessment of Damages Report (RADaR) 1, 2 & 3 of Affected Regions and Divisions due to the Southwest Monsoon (SWM) and Tropical Storm Enteng (Final) for QRRT and NIIP**

DATE : **September 30, 2024**

Pursuant to Department Order 44, series of 2018, titled "Formation of the Department of Education Disaster Risk Reduction and Management (DepEd DRRM) Team in the Central Office, and as a vital member of the DepEd Quick Response and Recovery Team (QRRT), the Education Facilities Division is mandated to begin the detailed assessment of damaged infrastructure immediately upon receipt of the vetted damages report from the Disaster Risk Reduction and Management Service (DRRMS).

For non-infrastructure damage, the offices concerned shall instruct their respective division office counterparts to conduct a detailed assessment by utilizing the attached reporting templates. To emphasize, the templates attached herewith will be used to collect data on non-infrastructure damage due to SWM and TS Enteng. This shall not be used for future damage reporting due to other disasters and emergencies.

In this regard, the DRRMS hereby endorses to the Office of the Undersecretary for School Infrastructure and Facilities (OUSIF), Information and Communications Technology Service (ICTS), Bureau of Learning Resources (BLR), and Education Facilities Division (EFD) the attached Vetted Rapid Assessment of Damages Report (RADaR) 1, 2 & 3 of the affected regions and divisions due to SWM and TS Enteng (Final) as of 25 September 2024. See attached Annex A and B for the summary and school level data of vetted RADaR or access through this link <https://bit.ly/4gLPMPf>.

In addition, the same data sets are forwarded to the Education Programs Management Office (EPMO) as a basis for identifying schools included in the National Indemnity Insurance Program (NIIP). Simply filter the last column under 'Remarks' to select the schools listed in the NIIP.

Response interventions provided by the OUSIF, ICTS, BLR, and EFD shall be reported to the DRRMS for monitoring and reporting purposes on or before October 30, 2024.
